MY AIM IN LIFE

My aim in life is to become a racer and to achieve this I know I have to work hard in life. Growing up, I have watched my father take great care of his bikes. He has a bike in Kuwait as well as in Goa, India. I enjoy watching him wash and shine his bike and take me on long rides. I and my father love going to watch bike racing events.

My most favorite time was when my father took me to watch a bike race on a real racetrack. I was so happy I got to watch all the live action; this was the moment I decided I want to become a famous racer. I want to travel the world so I can compete with other racers. It would be exciting to learn new tricks and stunts with my bike. I love sport bikes and stunt bikes. When I am not busy with my studies, I draw pictures of stunts I want to do with my bike when I grow big. I even dream of myself on the racetrack with the crowd cheering for me.

One day I am going to be a famous biker and win a lot of trophies and make my mom and dad proud of me.
