

JOHANN SAMUEL JAMES

12-B

Rather than aspiring of becoming something, I would focus on doing something in life. My Ambition is to become an IAS officer. I had this interest at the age of 13. My intentions are not to enjoy the benefits and privileges provided to an IAS officer but to serve my country. I am Dumb found of the ill treatment and discrimination of the poor and needy, I am determined to help them and bring Justice and Equity to my Nation. I also will set up orphanages for those children who are deprived of the benefits we enjoy.

My main Inspiration was Dr. A.P.J. Abdul Kalam, the 11th president of our Nation who was from a very humble background. He was rejected from the Indian Air Force but still was determined to contribute to his country.
